

Year 3 remote learning - Day 14 Term 3

English - 45 minutes

In Year 3, we are reading *The Abominables* as our novel in English! You might recognise this extract from the third chapter:

So when Lucy's footsteps had first been seen on the slopes of Nanvi Dar, Con had been incredibly happy and excited. He longed to join the parties of visitors on the trek up to the glacier. For the Yeti Safari was a huge success. People arrived at the Hotel Himalaya from all over the world. But soon Con stopped being happy and began to feel quite sick. The hotel manager did everything he could to cash in on the yetis, selling yeti pyjama cases and yeti headscarves and yeti postcards which made them look like dim-witted baboons. And finally, when Con had spent some time helping groups of tourists get ready for their trek, running backwards and forwards with Thermos flasks they had left in their rooms, tying their bootlaces, polishing their snow goggles, pulling on their padded mittens and smearing suncream on their noses, he stopped feeling sick and began to be frightened.

You are going to create an advertisement for one of these new yeti-themed products! You could choose one of the products mentioned in the extract above, or you could create your own idea for a yeti-themed product to try and sell! You might want to include pictures and colour to make it eye-catching, but you also need to include plenty of written information about why people should buy your product.

- Let your potential customers know all of the good things about it.
- Tell them the price, and make sure they know that it's an absolute bargain for such a high quality item.
- Are you the only person in the world making this product? If it's rare, they might be more tempted!

Maths - 30 to 45 minutes

To find a fraction of an amount, divide by the denominator! If the numerator is greater than 1, you then multiply by the numerator, but we don't need to do that today!

E.g. $\frac{1}{4}$ of 28 $28 \div 4 = 7$ so $\frac{1}{4}$ of 28 = 7

1. What is $\frac{1}{5}$ of 30?

9. What is $\frac{1}{2}$ of 32?

2. What is $\frac{1}{2}$ of 42?

10. What is $\frac{1}{5}$ of 40?

3. What is $\frac{1}{4}$ of 16?

11. What is $\frac{1}{4}$ of 8?

4. What is $\frac{1}{3}$ of 39?

12. What is $\frac{1}{3}$ of 24?

5. What is $\frac{1}{2}$ of 6?

13. What is $\frac{1}{2}$ of 18?

6. What is $\frac{1}{4}$ of 24?

14. What is $\frac{1}{3}$ of 33?

7. What is $\frac{1}{3}$ of 21?

15. What is $\frac{1}{4}$ of 36?

8. What is $\frac{1}{5}$ of 20?

16. What is $\frac{1}{5}$ of 40?

Spelling - 20 minutes

Find the Year 3 spellings for this week on our class webpage.

Today, you are going to write a mnemonic to help you remember one of your spellings.

A mnemonic is a way of helping you remember a spelling by creating a sentence using each letter in the word.

e.g. because - **b**ig **e**lephants **c**an **a**lways **u**nderstand **s**mall **e**lephants

Choose a spelling to try this for! Feel free to do so for as many of them as you want!

Reading - 30 minutes

Enjoy spending half an hour doing some reading. You could read to yourself or to somebody else, or perhaps a mixture of both!

Try to read a range of different texts through your time at Bishop Road. Some ideas include:

- Stories
- Information texts
- Poems
- Magazines

Handwriting 10-15 minutes

Copy out this extract from a poem called 'You Can Never Be Too Careful' in your best handwriting. Don't forget your lead-in strokes and to make sure your handwriting is fully cursive!

You Can Never Be Too Careful

You can never be too careful,
that's what I always say,
and so I wear a hat, or two,
in case my hair turns grey.
I've thirteen tires on my car,
in case I get a flat.
I wear my pants size fifty-three,
in case I grow too fat.

PE - 30 minutes

Choose two of the PE videos on the 'Home Learning' page of the website, under 'Key Information'. Watch one and then try out the activity. Then watch the other and try that one. Once you know how to do them both, try to beat your personal best! Aim to be active for at least 30 minutes.
