

## Year 2 summer performance – costume ideas

With our summer plays coming up after half term, please find below some suggested ideas for costumes depending on your child's role. Some important points to note:

- These are only suggestions – if you have a better or different idea, or don't have/can't get these things, please feel free to adapt as you wish.
- Our plays are on Monday 20<sup>th</sup> June (2D and 2G) and Tuesday 21<sup>st</sup> June (2L and 2B). Please could all costumes be in school in the first half of the week before (w/c 13<sup>th</sup> June) so that we can do dress rehearsals at the end of that week.

**Mick, Mack, Brick and Brack** – *The hosts of the show*. Smart clothes e.g. shirt, trousers, tie/clip-on bow tie, smart dress/blouse and skirt.

**Blue Mooners** – *Musicians*. Blue clothes, sunglasses.

**Neil, Buzz, Michael** – *Astronauts*. Astronaut costume ideally; if not, then white t-shirt and white or black trousers – we will stick an accessory or two on in school.

**Mr and Mrs Aldrin, Colonel and Mrs Collins, Mr and Mrs Armstrong** – *Parents of the three astronauts*. 1920/30s style outfits e.g. flowery dress/skirt; shirt, trousers, tie. Colonel – military/camo clothing or green/brown clothes.

**MC's** – *Scientists/engineers*. White scientist coat, or alternatively large white shirt worn open over another top. Fake glasses (or real if you wear them anyway!). Black trousers/skirt.

**Q and A** – *Interviewers*. Smart clothes e.g. shirt, trousers, clip on tie/bow tie, smart dress/blouse and skirt

**Quizmasters** – *Game show hosts*. Something shiny, glittery or sparkly, or a waistcoat or snazzy jacket.

**Team Astro** – *American team*. Blue clothes or astronaut costume.

**Team Cosmo** – *Russian team*. Red clothes or astronaut costume.

Please speak to your child's class teacher if you have any concerns, but to reiterate, this is not a firm list which must be adhered to – whatever you are able to provide for your child will be appreciated.

Mr Barr, Miss Davies, Mr Grinbergs and Miss Lowry
